SEE WHAT STUDENTS ARE SAYING ABOUT S.I.!

“SI helped me get ahead at least one letter grade, perhaps more!”

“The extra worksheets that the SI Leader provided were very helpful in my understanding of the subject. Also, the various games and activities were also helpful as well as enjoyable. SI was a very resourceful and fun place to be.”

“SI helped me focus on what I still needed to learn.”

“Our SI Leader is very patient with the students. She doesn’t just hand out answers. She actually helps the students to think on their own so they can really understand the subject.”

“The SI Leader was very knowledgeable and always prepared. SI was an excellent study tool and I feel if every subject had an SI option more students would succeed in their classes.”
